

Opportunity

About Our Company

Ask any of our nearly 15,000 employees worldwide "What does Alcon mean to you?" and you'll often hear the word opportunity.

Alcon offers employees the opportunity to advance the state of eye care with world-class products and the chance to enjoy a variety of professional and personal rewards.

Our employees are offered the opportunity to make a difference - for themselves, their families, and for the world in which we all live. In fact, Fortune Magazine has named Alcon one of The 100 Best Companies to Work For 10 years in a row!

We challenge ourselves to meet Alcon's mission every day - to enhance, preserve and restore vision worldwide. Alcon employees, around the globe, go a step beyond that mission and dedicate themselves to making Alcon the most respected and trusted eye care company in the world.

We know we are earning our position as the first choice in eye care products every day through hard work and dedication - we never take that for granted.
